

# Mouse Configuration

What kind of mouse do you have?

Do you have a PS/2, Bus or serial mouse? (Hint: If the connector your mouse plugs into is round, you have a PS/2 or a Bus mouse; if it's rectangular, it's a serial mouse.)

Try to find an exact match in the first box at right. If an exact match cannot be found, choose one which is compatible with yours. Otherwise,

- ALPS GlidePoint (PS/2)
- + ASCII
- ATI Bus Mouse
- + Generic
  - 2 Button Mouse (PS/2)
  - 2 Button Mouse (serial)
  - 3 Button Mouse (PS/2)**
  - 3 Button Mouse (serial)
- + Genius
- + Kensington
- + Logitech
- + MM
- + Microsoft

Port	Device
ttyS0	/dev/ttyS0 (COM1 under DOS)
ttyS1	/dev/ttyS1 (COM2 under DOS)
ttyS2	/dev/ttyS2 (COM3 under DOS)
ttyS3	/dev/ttyS3 (COM4 under DOS)
